At a vote of the WSGA Board of Directors the Senior Championship was separated from the State Amateur tournament. The Senior Golf Association of Wisconsin was formed in 1952 to sponsor events and conduct a senior match play championship, which continued until 1978. All matches were played on a "rotating" club basis, in accordance with the SGAW event rotation for each year. The matches were dropped in 1979, due to inactivity by the leading private country club member/players.
